## ASX ANNOUNCEMENT

### Conclusion of Unmarketable Parcel Share Sale

MELBOURNE, Australia, 27 September 2016

Further to the announcements dated 1 July 2016, 8 August 2016 and 6 September 2016 Agenix Limited (ASX:AGX) advises that the share sale facility established for unmarketable parcels is now closed.

Pursuant to the terms of the share sale facility, 2,611 shareholders who held unmarketable parcels of shares as at 7:00pm (EST) on 12 August 2016 availed themselves of the facility. A total of 451 shareholders either requested their shares be retained or increased or consolidated their holdings demonstrating confidence in the acquisition of CCP Group. These holdings totalled 1,149,082 shares on a post consolidation basis.

The shares have been sold to unrelated professional and sophisticated investors at \$0.05 per share.

Shareholders who participated in the Unmarketable Parcel Share Sale should expect receipt of their consideration within 10 working days.

All costs associated with the sale of unmarketable parcels of shares are being borne by Agenix Limited. As a result of the above the costs of shareholder communication and registry costs have been reduced accordingly.

#### About CCP

CCP empowers businesses to make better decisions with a low-cost, sophisticated IoT monitoring solution which captures and interprets real-time critical control point information. Critical control points are the points in a supply chain where a failure of standard operating procedure has potential to cause serious harm to people - and to a business' reputation and bottom line. Standard critical control points include temperature, energy, environment (e.g. air and water quality, pH, chemicals, noise, acoustics and gases) and movement.
