### **ASX ANNOUNCEMENT**

#### **US sales and key appointment**

MELBOURNE, Australia, 18 October 2016 – Agenix Limited (ASX: AGX) has made its first sales in the US following the appointment of Mr Thomas Chicoine to head its North American business.

Mr Chicoine has 30 years of experience in the US within food manufacturing, warehousing, distribution and retail. He has held senior management overseeing multi-operation profit centres with Cumberland Farms/Gulf Oil (a large chain of convenience stores) and the Sara Lee Corporation representing USD\$750 million in annual revenue and the management of 2000 employees.

Mr Michael White, CCP's CEO said,

“With Tom’s leadership, deep contact network and extensive understanding of food management from harvest through retail, CCP is well poised for accelerated growth in North America.”

#### **About CCP**

CCP empowers businesses to make better decisions with a low-cost, sophisticated IoT monitoring solution which captures and interprets real-time critical control point information. The solution has widespread application across multiple sectors and is being initially applied to primarily monitor temperature in the food safety industry in temperature critical environments such as refrigerated storage areas.

Agenix Limited is the parent company of CCP Holdings Pty Ltd.
